

## **Prayer for Separating Synthetics**

A synthetic is a fusion of a demon (often under the control of a higher-level, cosmic being) and an identity fragment in a person with DID that gives the appearance of being only a human identity. Unlike usual demonization, the presence of the demon is not obvious to either the person themselves nor outsiders. The only way to recognize or suspect the presence of a synthetic is that the identity it is posing as is unchangeable in its perspectives and demonstrates no ability to reason like a human identity can.

A synthetic can only be formed through extreme trauma, such as a near-death experience, which causes not only dissociation but some kind of evacuation of identities from their normal anchored position in the soul or the brain. This allows demons to usurp the evacuated positions and to fuse with the rudimentary fragments of identities remaining there.

A synthetic also differs significantly from usual demonization in that it does not respond to traditional deliverance strategies. This is because the demon is fused to humanity, and God always honors the will of humanity. Separation of the fusion is necessary to give the human part the ability to express its will. This can be done by using the prayer below. However, experience demonstrates that the synthetic must be manifesting or presenting out front in order for the prayer to be effective. Praying the prayer generically for any synthetics in a person also does not seem to be effective for the same reason, perhaps because the will of the identity involved needs to be expressed.

Prayer:

Most High God, I ask in the name of the Lord Jesus Christ that you send the Angel of the Lord with the Sword of the Spirit to pierce to the dividing asunder of \_\_\_\_\_'s created-by-You humanity and that which is not, separating all that is not.

In most cases the separation will occur immediately, although occasionally a delay is experienced. You can tell when it has been accomplished by the change in attitude or easing of resistance in the identity. Sometimes the synthetic has very little human component and completely disappears at this point so that the Primary Presenter returns out front.

Once the separation has occurred, help the human part recognize the essential take-over of itself that took place by the demon. Usually the human part does not realize that this occurred. Then let the human part know that it can choose whether it wants to continue the fusion with the demon. If it does not, ask if it wants the temporary separation to be permanent. If the identity to which the demon was fused disappeared completely after the separation prayer, ask this question of the Primary Presenter. Then pray this Follow-Up Prayer:

Most High God, I ask, according the desire expressed, that You declare that the spiritual entity is permanently disconnected, that You pass judgment on it and dispatch it to the destination of Your choosing. Fill the evacuated place with what needs to be there, cleansing any returning part with the blood of the Lord Jesus Christ. (This is when He can return any missing part of the identity that was supplanted by the demon.) Thank You, Most High God, for what You have done today. We pray this in the name of Jesus Christ. Amen.
